

Be The Change

Words and music by Phil Vernon

chorus: (2x)

We can be the change we want to see
Let the whole world know
We can learn to live sustainably
Cut our carbon to three-five-oh

Why does it take so long?
How can we turn things around?
When will we ever learn
This earth is sacred ground?

chorus (2x)

Pass the message hand-to-hand
Don't wait for word from above
There's a call to action in every land
To transform the world with love

chorus (2x)
