

# Energy Circles

support for sustainable living

Would you like to cut your electricity bill and help Salt Spring cut its greenhouse gas emissions at the same time? **Energy Circles** are designed to help people find out about their electricity usage and share methods for reducing their consumption without cutting down on their quality of life.

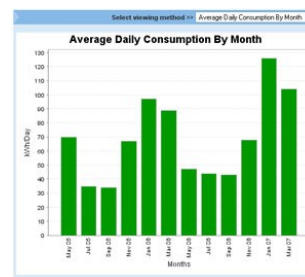

We hope you'll join us.

An initial meeting is being held ...

**TIME:**

**PLACE:**

**For more information, please call:**

Energy Circle information can also be found on our website:
